III. West of Hudson City Owned Land Assessments Update for 2015

Tim Cox provided Committee members with summary of assessments of NYCDEP owned reservoirs, wastewater treatment plants, and collection lines in the West of Hudson Watershed. Tim noted that changes to assessments were minor, and full equalized valuations remained mostly unchanged, including in towns that had completed a revaluation.

IV. TLAP Update

Tim noted that CWC was waiting for NYCDEP to provide the name of an expert for the Town of Shandaken collection lines. Tim also stated that NYCDEP had provided documents on Marletown, and those were turned over to the CWC consultant.

V. NYCDEP Lands Open for Recreational Use Update

CWC provided Committee members with an updated map showing NYCDEP lands open for recreation in the West of Hudson watershed. Jeff Graf noted that NYCDEP more often defaults to public access areas.
