- III. Hamlet Areas – Letter to Towns regarding revisiting NYC land acquisition eligibility in designated hamlet areas

Tim Cox advised the Committee that the 2010 Water Supply Permit allows the towns every five years to determine whether or not to allow land acquisition by NYCDEP within hamlet areas, and the ability to remove individual parcels from hamlet areas. As in prior years, CWC will send out a letter to all West of Hudson Watershed Town and Villages. This option occurs every five years and towns have six months to act.

Tim recounted that some newer town supervisors may not be aware of the option to prohibit or allow these acquisitions. If a Town declines to act, the prior decision will remain for the final five years of the permit.
