Catskill Watershed Corporation (CWC)
Flood Hazard Mitigation – Tank Anchoring Program Participation Agreement
Property Owner

I/(we) _____ (Print Name) am owner of property located at _____, with a property tax identification number of _____, consent and agree to the following:

1. Under New York State law and as the property owner, I am responsible for my fuel tanks. Even though CWC may provide reimbursement to anchor my fuel tank, CWC does not own, operate, manage or control the fuel tanks on my property. I, and/or the owner of the fuel tank, will remain responsible for maintenance, operation, and any future replacement of the fuel tanks on my property.
2. To facilitate this program, I/(we) shall cooperate with any investigation by CWC related to the anchoring of my fuel tank. This may include unannounced exterior inspections during regular business hours. Interior inspections will only be done when I/(we) or our agents are present.
3. To facilitate this program, CWC will provide reimbursement only for necessary work required to anchor the fuel tank. Work that is ineligible for reimbursement includes work that is not required under New York State Building Code to anchor the fuel tank, as determined by CWC.
4. Funding by CWC may result in tax consequences affecting me(us). I am responsible for any federal, state and/or local taxes that may result from this funding.
5. I/(we) will hire or cause to be hired a contractor of my/(our) choice to construct and install tank anchor. CWC is not responsible for the work of the contractor I/(we) hire and CWC does not provide any warranty for the work on my fuel tank or system by my contractor.
6. I/(we) will also release and hold CWC harmless from any and all claims, suits, orders, fines, penalties or damages arising out of my ownership and operation of the fuel tanks and/or the work completed by my(our) contractor, including but not limited to any claims, suits, orders, fines, penalties or damages arising out of the anchoring of my fuel tank(s). In no circumstance will CWC be liable for any fuel spills or damage to a fuel tank.
